

<b>Program Name</b>	<b>Curriculum Basis &amp; Description</b>	<b>FT Program Length</b>	<b>Clinical Hours/ED Specific</b>	<b>Total Enrollment</b>	<b>Other</b>
Emory University	FNP w/ ENP sub-specialty; 54 credit hours. 11 hours ED specific; all face-to-face. Based on 2008 ENP Core Competencies in conjunction with EM Resident Lecture series. No ED experience required	4	750/250	16 students graduated last Fall	Includes forensics: interdisciplinary with EM residents
Jacksonville Univ.	FNP; 46 credit hours; ENP sub-specialty. Requires 1 yr ED RN experience; 180 hours in ED settings; face to face only	5	720/180	6-10 grads annually	BSN & PM entry options; many grads don't work in ED post-grad
Loyola Univ.-Chicago	FNP w/ ENP sub-specialty; 56 credit hours. Judy Genrich is program director. Must have ED experience, must hold CEN certification. ENA competencies as basis for program.	4		19 current	Earlier was ACNP based. Considering DNP/ENP collaboration
Rutgers	FNP; 1000 hours in past 3 years of ED RN experience, CEN recommended. 59 credits; 500 in FP, 440 minimum hours in ED; ENA competencies as basis.	all current students are PT	990/440	42; 3 Jan 14 grads; 8 total program grads	transitioning to RN to DNP with addition of DNP hours
University of Nebraska	Advancing Rural Emergency Acute Care Program (post-masters certificate for FNPs) Adds 3 classes to prepare for inpatient critical and emergency care. Adds 8 credit hours, built on ENA Competencies. 200 hours in ED. Blended face to face and distance		200 ED	4 past grads	
Univ. South Alabama	Dual FNP/AG-ACNP program; 57 credit hours; 540 hours in primary care; 540 AGACNP hours, ½ in ED, other ½ in ICU. MSN/DNP essentials as Basis, with consideration to ENP competencies. Not ED specific program, but a dual	8	1080	58 AGACNP/90 FNP	No specific ED courses in the program. Now a BSN-DNP program

	program.				
UT Health Houston	FNP with ENP concentration; 46 credit hours; 420 ED/urgent care specific hours. Doesn't require ED RN experience. Also has AG-ACNP option with ED/trauma concentration. This track has 300 ED/trauma hours on top of AG-ACNP hours. All face to face, meets 5 x/semester.	5	600/420	Last semester 23 grads (ED); 4 AC/trauma; 27 at present	Earlier was ACNP based. Primarily in Houston area.
Vanderbilt University	Dual FNP/AG-ACNP; 64 credit hour program available in modified block format. 590 clinical hours in ED. Based on 2008 ENP Core Competencies	5	1190/590	10 grads May 14; across program, 27	Multiple entry/exit options; 2 yrs RN experience rec'd

Emergency specific courses by program	ENP specific topics (Examples not inclusive for all programs)	Procedural skills incorporated into ENP curricula (Not inclusive of all programs)
<p><b>University of Texas-Houston FNP/ENP program</b>  <i>Two 2-credit</i> emergency content courses and <i>two 2-credit emergency specific clinical</i> courses (8 credits) + post masters 300 hour clinical residency</p> <p><b>AGACNP/ENP program</b>  Two <i>2-credit</i> emergency content courses and <i>two 2-credit</i> emergency specific clinical courses (8 credits) + post masters 300 hour clinical residency Focus is trauma and tertiary care</p>	<p>EMTALA Regulations  Disaster Preparedness and Response  Mass casualty triage  Pre-hospital Care  Treating special populations (LGBT , older adults)  Evaluating and managing:  ENT emergencies  Endocrine emergencies  DKA, thyrotoxicosis  GI/GU emergencies  Bowel obstruction, infarction, GI bleeds, renal colic, cholecystitis, pancreatitis  Metabolic, hematological emergencies  Pulmonary embolism, sickle cell crisis  Sepsis</p>	<p>Recognize, collect, and preserve evidence-forensics  Perform sexual assault exam  Order and interpret diagnostic tests  Order pharmacologic and non-pharmacologic therapies  Order and interpret EKGs  Order and interpret radiographs  Assess and manage procedural sedation patients  Provide ultraviolet exam of skin and secretions (eg, Woods Lamp)  Treat skin lesions (eg, foot callus, skin tag, plantar lesion, decubitus care)  Inject local anesthetics  Perform nail trephination  Remove toe nails(s)  Perform a nail bed closure  Perform closures (eg, single layer, multiple, staple, adhesive)  Revise a wound for closure  Debride minor burns</p>
<p><b>Emory University FNP/ENP program</b>  <i>Two 3-credit</i> and <i>one 7-credit</i> emergency content courses that incorporate clinical hour requirements in emergency settings (250 total hours)  <i>One 1-credit</i> course in basic <i>procedural skills (14-credits)</i></p>		

<p><b>Rutgers University FNP/ENP program</b>  <i>Two 6-credit</i> emergency content courses,  <i>one 4-credit</i> emergency content course  incorporating 450 emergency specific  clinical hours <b>(16 credits)</b></p>	<p>Fever/Infectious diseases  Shock  Oncological Emergencies  10 Most Common Complaints in Fast  Track</p>	<p>Incise, drains, irrigate and pack wounds  Dilate eyes  Perform tonometry  Remove fecal impactions  Incise thrombosed hemorrhoids  Perform cerumen impaction curettage  Insert ear wick  Clinically assess and  manage cervical spine injuries  Control epistaxis  Perform a needle thoracostomy  Perform chest tube insertion  Lead a code team  Perform advanced circulatory access: central lines,  interosseous  Replace a gastrostomy tube  Perform lumbar puncture  Incise and drain a Bartholin's cyst  Assist with imminent childbirth and post-delivery maternal  care  Remove foreign bodies from soft tissue and orifices  Reduce fractures of small and large bones  Reduce dislocations of large and small bones  Apply immobilization devices (splints/traction)  Bivalves/removes casts  Performs arthrocentesis  Perform a FAST ultrasound examination</p>
<p><b>Vanderbilt University  FNP/AGACNP/ENP Dual program</b>  <i>Three 1-credit</i> emergency content/clinical  courses, <i>two 3-credit</i> emergency  content/clinical courses, <i>one 2-credit</i>  emergency content practicum and <i>one 4-  credit</i> emergency clinical course <b>(15  credits)</b></p>	<p>Acute abdominal pain  Toxicological emergencies  Intentional and accidental  overdoses and poisonings  Pulmonary emergencies  Asthma, acute respiratory distress  Anesthesia including procedural  sedation  Cardiovascular Emergencies  Myocardial Infarction, Dissecting  Aortic Aneurysm, Syncope/Dizziness  Hypertensive emergency/urgency  Nausea/vomiting  Back pain  ENT Emergencies  Neurologic Emergencies  Stroke Care in the ED  Seizures  Altered Mental Status  Headache  Burn Emergencies  Pediatric Emergencies  Adult, Elder, Child Abuse  Emergency Childbirth and GYN  Emergencies  Psychiatric Emergencies  Alcohol and substance  abuse/toxicity  Toxicology</p>	
<p><b>Loyola FNP/ENP program</b>  <i>One 3-credit</i> emergency content course  and <i>three 1- credit courses</i> in advanced  <i>procedures</i> (EKG, diagnostic imaging,  suturing and wound management) <b>(6  credits)</b></p>		
<p><b>Jacksonville University FNP/ENP  program</b>  <i>Two 3-credit</i> emergency content courses  incorporating clinical hours <b>(6 credits)</b></p>		
<p><b>University of South Alabama  FNP/AGACNP/ENP Dual program</b>  <i>No emergency specific content courses</i> in  current curriculum, students spend time  in emergency departments during self-  selected clinical rotations</p>		

	<p>Intentional and accidental overdose NP practice in the ED Environmental emergencies Animal bites, near drowning, electrocution ED Risk Management Forensics Initial Trauma Care</p>
