

Virtual Interprofessional Learning

Medical University of South Carolina
Charleston, South Carolina

Gail Stuart, Ph.D., RN, FAAN (PI)
Donna Kern, MD (Co-I)
Kelly Ragucco, Pharm.D. (Co-I)
Terri Fowler, DNP, APRN, FNP-C
Shannon Hudson, Ph.D., RN
Sachin Patel, MSc
Ken Ruggiero, Ph.D.
Charlene Pope, Ph.D., RN, FAAN
Jane Zapka, ScD

Taking Nursing to a Higher Level

Current IP Initiatives

Taking Nursing to a Higher Level

Challenges of IP Education

Space	Location	Clinical Experiences
Schedules	Static	Siloed

Taking Nursing to a Higher Level

Creation of Virtual Interprofessional Learning (VIP) Platform

Taking Nursing to a Higher Level

Addressing Challenges of IP Education

- Online experiential learning
- Asynchronous
- Dynamic
- Provide a wide variety of IP clinical learning experiences

Taking Nursing to a Higher Level

Development of 3D Learning Platform

Taking Nursing to a Higher Level

VIP Learning Platform

- Web Portal
- Database
- Avatar Interface

Taking Nursing to a Higher Level

Implementation of Virtual World

- Pilot
- Student selection
- Orientation
- IHI Modules
- Virtual World Experience

Taking Nursing to a Higher Level

Evaluation

- Virtual World objectives and competencies based on IHI module objectives and IPEC competencies
- Evaluation methods: questionnaires, pre-post test, focus groups, scoring through Virtual World
- Technology – iterative design model

Taking Nursing to a Higher Level

Next Steps

- Complete pilot April 2015
- Implementation May/June 2015
- Evaluation
- Dissemination
